I loved it. I was very excited to learn about angels. I believe I have encountered a couple in my life--probably my own angels to assigned to me. They were in a large man reaching down and grabbing me out o the path of a truck. An alley ran beside our house and I was running around the house edge and fell. A large delivery trunk was coming right there- I must have bee around 3 yrs. old. He carried me up to my house and gave me to my mother. She does not remember this but I do! The last remembered encounter, was about 9 years ago. I was in the process of having another hip revision and was in pain and could not been down very well to put air in my car tire. I was asking the Lord how am I going to be able to air my tires(one kept losing air). When I pulled up to the air hose meter, a young boy (about 14 or so) appeared and offered to help me. I did not see him come up to me. I was very surprised and thankful, I told him my problem. He walked around filling my tires with air. I thank him and offered him a couple dollars and he refused. (I still did not think angel). I insisted and told him to buy himself a soft drink. Told him how thankful I was and that I felt he was an answer to my prayer. I looked down to open my car door and he "just" disappeared. I looked every where around the gas station and could not see him and felt he could not have vanished just like that--then I thought

"angel" and thanked God. I was so excited to read about the coming harvest--that it will be greater than Acts 2. and the exciting "Force" for the end time harvest. I am 83 years old. I feel I have more to be doing with this end time harvest. I am very excited. Thank you for this book too. While I seemed to be limited on physically. I am a person that prays and have been doing this for awhile. It does not take the physical aspect, I can pray. God bless and keep you all in His loving care and direction. Thank you Mr. Sheets, for being attentive to The Holy Spirit and writing this book. I tell other about your book. 19 of 19 people found the following review helpful.
