BALANCE OF FORCES: TOUJOURS ICI (BATTLE OF FORCES BOOK 1) BY ALI VALI PDF

Kendal Richoux's life began during the reign of Egypt's only female pharaoh. After accepting the opportunity to drink the elixir of the sun, Kendal becomes immortal and the Genesis Clan's slayer. History has taught her the dangers of getting too close to anyone who hasn't harnessed the power of time.

After many years, she returns to New Orleans to finish a job she's trained for all her life. It's time for her to face her brother Henri, and it will have dire consequences to mankind if she fails.

Piper Marmande believes Kendal has come to take over the company her family has built over generations. As Kendal prepares for the most important battle of her long life, Piper does her best to uncover every one of Kendal's secrets, making herself a distraction Kendal can't afford as she hunts Henri and Ora, the vampire who seduced him to a life of darkness.

Balance of Forces: Toujours Ici

By Star

A stunning addition to the vampire legend, Balance of Forces: Toujours Ici, is one that stands apart from the rest. Kendal Richoux was born over three thousand years prior to present day. When her brother was seduced to darkness, she instead chose the light and became a warrior for the Genesis Clan, who receives their power from the sun. She has hunted her brother across the centuries and across the globe, but her impeccable sense of honor has saved him in previous encounters. Now back in New Orleans, she must finish what started in the blazing heat and frigid nights of ancient Egypt. Or will she lose everything again?

I found the idea of the two 'clans' very intriguing - one who lives only in darkness and the other who lives in

daylight, but has no problem/weakness during the night. I loved the story of Kendal throughout her many guises during the years and it gave great insight to who she started out as and who she has become. I thought the exchanges between Piper and Kendal were great - a verbal game of cat and mouse. The ending leaves room for a sequel or the next book in a series and I am looking forward to either of those possibilities.

Balance of force Toujour ici

By Dale Ralston

As always Ali Vali has produced another excellent story line and great characters. Such great imagination! I love the fantasy world that she produces and as always they are read in just a few day since I can't wait to see what happens!!!

Great book with a hard-to-like second female lead...

By Reading Junkie

POSSIBLE SPOILERS AHEAD SO BE WARNED:

Ali Valli's latest book was excellent; I found it had only one flaw: Piper, the second female lead.

Why, do you ask? Because she crossed the line from feisty to jerky. Her conduct crossed the line many times. As far as I could tell, the only reason Kendall was interested in her was her resemblance to someone from the past. Her turnaround was not believable. She seemed so shallow and two-dimensional compared to Kendall, who seems so deep, so many-faceted. At times, Piper was too much like the man who tries to trip her up; those two seemed made for each other. And to be so straight and then "suddenly" have a change of heart. Puh-leaze. Not believable at all. And yes, I know this is a fantasy book; as a reader, I do want some believability when it comes to the relationship portion of the story.

Now, Kendall, on the other hand...what a wonderful creation. I wanted so much more for her, and, in my opinion, Piper wasn't it. Piper wasn't worthy of her Kendall's love. The relationship between Kendall and her mentor was beautiful, very moving.

I love the concept, I loved the idea of this book. I love the fact that (hopefully) there will be more books, and very soon. Piper needed more development, especially to be connected with someone as well-developed as Kendall (yes, pun intended).

Enjoy!
