## **OUTBACK HEARTS (#1)**

Sam never thought she'd actually be chosen for a reality show--but the next thing she knew, she was whisked away to Australia. Dealing with a producer willing to do whatever he had to do make the show a hit, other women ready to cheat and lie to gain the attention of the bachelor, and a camera operator ready to catch her at her worst every time she turned around, absolutely nothing was as simple as it seemed on TV. Sam wasn't sure she was going to make it through filming most days--never mind find true love.

Alex never thought he'd be on a reality show, but how hard could being surrounded by beautiful women be? A lot harder than he'd thought. The producer changed the rules of the show behind his back, the women were nearly clawing at each other for this attention--and then there was that one contestant he couldn't get off his mind.

Can two people who are meant to be together manage to fight catty contestants, a crazy producer and find true love on a reality show in the Australian Outback?

## **FLAMING HEARTS (#2)**

Becky is on a reality show in Arizona, but instead of having the single men compete with each other for her affections, she has to compete with another woman for theirs. While on a disastrous double date for the show, Becky meets a wonder man, too bad she's not allowed to talk to him.

Dean finds the one woman he knows is meant to be his, but there's a problem, she's a contestant on a reality show. Working with his brother, who just happens to be a cameraman on the show, they put together a scheme to get Dean access to the set. Now all he has to do is convince Becky to choose him.

Their relationship blossoms, but when trouble arises, Becky has to decide if she can trust Dean enough to help her, or if she's better off alone. Dean would do anything for the woman he loves, but first he has to find her.

## **FROZEN HEARTS (#3)**

Working as a camper operator for a hard-nosed producer isn't all fun and games. Kina is seriously thinking about making this reality show her last. She's known as being 'cold-as-ice' when it comes to men, which is appropriate since they're filming in Alaska. Before she can figure out what she wants to do with her life she had to make it through this show.

The Alaskan reality show is Jonathan's last gig before he goes to work in security with his brother. The shoot would be completely miserable except for the fact that the one woman in the world who is meant to be his is also a camera operator on the show.

Fighting boredom and drama within the crew, hiking across glaciers, and camping in the Alaskan wilderness isn't as safe as it seems on television. An injury on the set will either bring Jonathan and Kina together, or tear them apart for good.

Great read!

By Anne Dodds

If you like reality shows then this set is for you! Have not finished yet - have read 2 out of 3 and I really think Flaming Hearts is going to be my favorite. I love the concept of "the one"! That one person you meet & you just know...that's it, you've just met the one person you're meant to spend the rest of your life with. It's silly, romantic, charming & never goes off as planned!

All Susan's female characters are fierce and independent. They're also comfortable in their own skin. The men are hot looking alpha males but aren't too over the top with the machismo.

Books like this give regular girls like us some hope that there are good guys out there. I was lucky enough to find my "one" And even after 20+ yrs he makes me giggle every day.

This is a feel good box set and you should read it!

Not so Reality shows, Alpha males, and Feels!!! ♥

By Sandra S.

This series is wonderful! Outback Hearts was delightful, a bit mellow after reading Susan's other work, but very well written, and had good feels and, of course, a hot Alpha male. Flaming Hearts stepped it up a notch, the story moved well, Becky was relatable, and about the time I thought I had it figured out who would be coupled up, I find out I was completely wrong which is probably one of the reason I loved it so much because I rarely get surprised when I'm reading. More hot Alpha male, but he's more intense, not one to back down or give up on what he wants. When I got to Frozen Hearts, I couldn't wait to learn Kina's story and Susan didn't disappoint! Add in the Alpha male's family legacy, and I was hooked before I started! Again, Kina is relatable and the feels are heart melting!

all stories set around the search for the perfect mate, the 'one

By Angela

This series isn't necessarily for fans of reality tv. The author shines a light of truth into the shadows of what goes on behind the scenes of a reality tv dating series. 3 volumes, 3 different 'Bachelor-Bachelorette settings, all stories set around the search for the perfect mate, the 'one.' Susan Stokes explores the chemistry and romance, with all its highs and lows and enough heartbreak to bring you tears and smiles. This complete series supplies enough 'finding your heart's desire' for all romance fans. Now I'm ready to read the SEAL series.
