Cultural Anthropology: The Human Challenge

By D. Schwartz

Service was great... product is very overpriced for what it is. That is the publishers fault, not the shipper's.

Not quite 2 day delivery...

By D. Christie

A treat to purchase a new book, normally choose to get used. Paid for upgraded shipping (2 day) and didn't see it for almost 5 days. Good thing the prof had some other related readings in the library for the class members to use while waiting for ordered books! Didn't fall too far behind in readings while item was in transit.
