My daughter loves this book! We used it at the beginning of potty training, and gave the jewel stickers to her every time she went potty. We never used the chart, but it's a really cute idea. We read it most nights, and it gets her to use the potty one last time before bed without a fuss.

I didn't like this book because it shows different items being placed inside the potty, gave my daughter the wrong idea. Now she wants to put toys inside her potty and that's not what I thought this book would teach.
