Titus starts this year with two goals. One: Prove he is capable of leading the varsity football team next year as their captain. Two: Confess his feelings to one of his best friends, Reese. By the end of the football season he has every reason to believe he accomplished his first goal. But when a promise to his other best friend and havoc turn his life upside down he isn't sure he'll ever get the chance to tell Reese how he feels. Reese Milson starts her sophomore year at Laton High School with her new boyfriend and two best friends by her side. When bad goes to worse and Reese hides from reality, it takes everything she has and the help of her best friend Titus to pull her back out of the darkness she had fallen into. Will they survive this year? Will Titus ever get his chance with Reese or will the promise he made keep them apart?

Amazing

By Lisa Petty

When I read what Falling Behind was about I wasn't sure I was wanting to read it about high school kids being in love. However that could be farthest from the truth. Falling Behind is about 3 best friends Candice, Titus, and Reese and how being sophomores in high school could be fun but have their dangers as well. When Candice and Reese start dating Seniors their worlds get turned upside down. One is dealing with abuse and denial and the other with verbal abuse she didn't recognize. Falling Behind is a book that both teens and

adults should read about how speaking out on Violence in Schools can help protect our friends and children. When your best friend is being abused and you speak up to late the consequences can be devastating. Candice and Reese had one common friend who they could count on Titus read how his love for the girls makes him a stronger person. This is a 5-star read and I know anyone who reads it will enjoy it.

3.5 star review!

By Amazon Customer

Dee wrote a book about a real, painful subject that normally doesn't get talked about. People avoid the signs and act like they don't see the abuse happening. We turn away and make up a story in our minds that make us feel better. To make us believe that what we saw isn't true. Verbal, physical, and emotional abuse happens everyday and abuse doesn't matter what color you are, what age you are or if you are a boy or a girl. It happens and no matter your age it still hurts and makes you feel lost. Dee wrote this book very well and really made me open my eyes on abuse. If you know someone who you think is getting abused this is a great short read to recommend to them.

Ty, Reese and Candice were all best friends and did everything together. Until boyfriends came around and the 3 started pulling apart. What do you do when you can tell your friend is in danger but keeps making excuses that everything is ok. That the bruise on her wrist was an accident. Do you keep quiet? Do you tell someone? Do you risk losing your friend by opening your mouth? Read this story and find out what decisions these 3 friends have to make.

I give this book 3.5 stars!

What a debut!!

By Yvonne Roller

From the moment I started reading I was completely lost in the story. Ms.Avila managed to get my attention and kept it through the entire book. In fact, I could not put it down. The emotions that were portrayed were so real that I felt like I was part of the story. The characters of Reese and Titus just took my breath away with the strength of their relationship. The emotional ups and downs were described so perfectly that I found my emotions going along for the ride. Ms.Avila wrote about some very tough topics and did so brilliantly. Be prepared however for the end of the book. I gasped out loud as I read the last sentence which left me hanging anxiously awaiting the next book in the series. I highly recommend you read this book.
