Vatican unapproved and uncensored. The book they don't want you to read.

A stolen trout. An unusual confession. A dead greyhound on a skateboard. Vengeance. A sex scandal. Rumours of a demon and an erotic book. From his seat of power in the back room of Lavelle's pub, Father James Brennan plans revenge. Here, in total secrecy, accomplices are recruited and the scheming begins. But no one can predict the hilarious results that draw the priest into the most unlikely situations and culminate in conflict with the See of Rome.

Review of 'Father McGargles' by Norman Morrow

Norman Morrow is a master storyteller and a humorist without peer. Father Brennan's world becomes as clear as life and my own little world is now the vague dream. How can that be, you ask? Well, it's the unique mode of Irish storytelling that author Norman Morrow has unleashed from somewhere between a sip of Jameson and his own fertile imaginative visions.

Pub humor and ancient mysteries from secret places beneath the Vatican, all put together in a tightly weaved fabric that is the saga of Father Brennan and his eclectic band of pals who, with amazing wit, conspire daily from the backroom of the local pub. You will also learn a lot about the Zen of fly fishing the rivers of Ireland.

Never a wasted opportunity for humor, but there's even more in these pages. The story is also interspersed with poignancy and depth of character that had me riding a roller coaster of emotion, sometimes laughing through tears and sometimes truly concerned about a character's well-being or the outcome of a tense situation. There is, however, instilled early-on in the back of the reader's mind, that no matter how dire the circumstance, Fr. Brennan will emerge as the conquering hero.

A great literary work and highest stars assigned. This reader looks forward to the next installment, as I know there is plenty of adventure left in the life of Father James Brennan and much more craic.

An Irish Tale with Fishy Twists!

By Mrs. J

An Irish Yarn with Fishy Twists

I always had the opinion that fishing was a boring occupation that men used as an excuse to get away from family life for a day lazing by the river! However, this book has set me right on that, for I know now that fly-fishing is indeed a scientific art. However, don't be fooled into thinking that this is a boring book about fishing – far from it! It is a highly entertaining tale of an Irish Parish priest who is deceptively wily and intelligent. When you come to the end of the story of the 'con trick' (I won't spoil anything by explaining this) you come to a phase in the middle of the book where, to be honest, it almost lost me. However, it's worth sticking at because the story suddenly takes a twist that will remind you of a 'soap' programme with gossip spreading so thick and fast that suddenly an 'innocent' parish priest becomes something he is not in the eyes of the community, so much so that it comes to the notice of Rome. It then takes another curious twist which is worthy of Dan Brown or Simon Toyne as we are thrown into the 'underworld' of the church. However, fear not, for our hero priest has the whole thing under control!

This book will surprise you as it surprised me. It is a humorous story with some serious undertones in places. I feel I must warn you that you will be subjected to sudden bursts or snorts of laughter which could be detrimental to your well-being if you happen to be eating or drinking at the time. Well done, Norman, this book is a triumph.
