I really enjoyed Killers and Demons

By Fee Roberts

I received this book in exchange for an honest review. I really enjoyed Killers and Demons. The short stories grabbed you and took you into dark places where the characters were intense. I was looking around the room, while reading, just to make sure I was not being watched. These stories definitely made the hair on the back of my neck stand up. This is one book not to be miss.

Evil always triumph which makes an interesting read

By Derek Ailes

It's a collection of horror short stories where there is no happy endings unless you're the villain. Very demented which is the way I like it.
