MY DOCTOR IS A WEREWOLF (BBW PARANORMAL EROTICA - ALPHA MATE) BY MIA HARRIS PDF

When curvy young woman Sarah Bilson starts to experience strange headaches, she heads to an after-hours medical clinic after work. She is surprised to see that the doctor is a gorgeous young man, and even more shocked when she later finds out that he has a dark secret - he is a werewolf, and he is hellbent on making her his mate.

This 7000 word short story contains hot, explicit sex between a curvaceous woman and a sexy werewolf doctor, and is intended for mature audiences only!

An excerpt from the story:

His voice had changed from his usual kind, gentle tone to a rough growl, and his eyes seemed to pierce through her with a strange expression; something dangerous and distinctly animal-like.

Sarah shrank back from him and then bumped into the blue exam table that stood on one side of the room. Her eyes widened as she clutched onto the wax paper that lay across the table, and she finally managed to find her tongue as her heart raced crazily in her chest again.

“What are you?” she asked, her voice nearly cracking as her mind reeled in fear.

“I’m a werewolf. You know that. You knew it the second you saw me shift.”

“I was just... I just wanted to see if you would sign my prescription. I didn’t mean to stalk you around,” she replied. “I’m sorry. I won’t tell anyone. Please don’t hurt me!”

“I won’t hurt you,” he said, stepping closer to her. “I must admit, your mere presence in here earlier caused quite a stir within me. Your scent is almost unbearably intoxicating to a wolf like me.”

“What are you talking about?”

“You, Sarah. I caught your wonderful scent before I even stepped into that waiting room. I managed to keep myself under control, but I screwed up your prescription form because I couldn’t concentrate properly. I knew if I didn’t get outside right away I would shift right then and there. You see, it’s not just women that have a certain time of the month. I have one too.”

“You mean... the full moon?”

“Yes. At every full moon I find it extremely difficult to function. My need to find a mate burns through me, and having you here didn’t help. After you followed me and saw me shift, I realized that you knew what I was, so I thought I may as well come back and take you.”

“Take me where?” Sarah asked, her brain flooding with a confusing mixture of emotions.

She was terrified of what this man might do to her, even though he had said he wouldn't hurt her. On the other hand, though, she couldn't ignore the warm tingling sensation that was spreading down her belly and between her legs. Werewolf or not, the man was gorgeous, and she couldn't possibly deny that as her body responded to his presence like crazy.

Dr. Lyche chuckled at her question.

“I meant I want to take you as my mate,” he said, advancing even further towards her as his eyes burned into hers.

Very hot and thrilling erotic romance story. The scene where she is being chased actually made me feel all scared, and then it paid off when he turned out to be good. Would recommend to those who love werewolf erotica
