Beautiful Pictures to color

By Eva Roach

There are 40 illustrations, not one that I didn't like. It is printed on a medium weight paper. One picture per page, back has nothing on it, so be sure to protect your pictures. The pictures look like they were traced, the lines are very dark and a bit thick. I really don't understand things about copyrights, but this book says Copyright © 2016-Nick Snels WTTIP./[...]. OK this is the deal before I bought this coloring book I bought a book called "STEAMPUNK Fashion Coloring Book". There was a picture in this book that was on the cover of STEAMPUNK Fashion Coloring Book. When I looked inside to compare the books 34 out of 40 of the pictures were the same. The other steampunk book was released in 11/2015, this book was released 03/2016. The other book says, Copyright © 2015 by Link Coloring. I just don't know maybe he owns the rights to both, but if these books are his shouldn't we be warned that these books have many of the same pictures. This book appears to be copied and traced over. Besides that it is a good book with lots of fine detail. I pulled out my Derwent Studio Pencils. They worked great, they're a hard Wax Pencil, I give this book 4 stars, because of the dark like tracing on every picture. The other book was finer lined, which is only my preference.

It looked terrible. Lines are too thick and just looks tacky

By Holly D

It looked terrible. Lines are too thick and just looks tacky. The paper quality is pretty cheap too. I bought it from walmart but ended up returning it.
