Kama Suck

By Sammy Vegan

I didn't realize how misogynist the kama sutra is before buying one. I was immediately turned off by the way women are discussed and portrayed. This book sits on our shelf, unused. Plenty of other better sex books out there that don't degrade or put down your partner(s).

Expected more

By Jose L. Gonzalez

I thought there were a lot more positions. Good way of explaining transitional positions in a consecutive manner. Maybe there could've been a subtitle per different scenarios or situations instead of going straight to the next position. Overall though, very good guidelines for beginners.
