Review

"During the past twenty-five years I have been blessed with more good fortune than any individual deserves but I shudder to think where I'd be today, or what I'd be doing if I had not been exposed to Napoleon Hill's philosophy. It changed my life."

--Og Mandino, *The Greatest Salesman in the World*

About the Author

Many clients, including very successful Consultants, fondly refer to Toks as the "Consultants Consultant" due to the tremendous value they consistently get from his advice, newsletters, speeches and seminars. He has a detailed understanding of the Consultancy business coupled with an uncanny ability to transfer his extensive knowledge and experience while motivating and inspiring people to achieve levels of success they never believed was possible with their life and business. Toks is the founder of the Consultants Academy (www.TheConsultantsAcademy.com), a coaching and training organisation dedicated to helping aspiring and existing Consultants acquire the skills, techniques and strategies required to grow their business considerably and increase profit dramatically. He is a Consultant, an Author and a Serial Entrepreneur with experience of creating and successfully managing a number of consultancy firms. These include an IT Consultancy Company; a Financial Technology Consultancy and a Technology Recruitment Consultancy. He has been retained to advise Governments and has also advised Non-Profits on growth strategies. He has 18 years experience covering consultancy, entrepreneurship and technology. As an author, he has written a number of books including – *Technology Consultants Success Manual: The Path to Wealth for Technology Consultants*, *Think & Grow Rich: The Consultants and Knowledge Workers edition*; *Think& Grow Rich Workbook for Consultants and Knowledge Workers* and the *Rich Consultant Success Secrets: Seven Keys to Wealth, Joy & Fulfilment for Consultants*. He has won a number of awards and prizes including the GAB Entrepreneur of the Year Award and has been featured regularly in the press including the Young Managers list and the Information & Communication Technology Apostles list. He has a degree in Computing Studies, a Masters degree in Business Systems Analysis and Design and is also an alumnus of the prestigious Harvard Business School. He started his career as an Analyst Programmer with a consultancy start-up in the City of London and rose to become a Consultant to many Investment Banks. He subsequently left to become one of

the highest paid IT Consultants in the City at the time. Toks is passionate about teaching people how to monetize their skills, knowledge and experience as a Consultant. He occasionally accepts a few speaking engagements depending on his busy schedule. To contact Toks: Toks@TheConsultantsAcademy.com

THINK & GROW RICH WORKBOOK: THE CONSULTANT AND KNOWLEDGE WORKERS EDITION (VOLUME 1) BY NAPOLEON HILL, TOKS K. OYEGUNLE PDF

If you are a consultant or a knowledge worker that wants to know exactly what to do to become rich, you will benefit greatly from this Workbook as it will increase your chances of success dramatically. To become rich, you should start by really thinking about the real reasons why you want to be rich. Then continue by reading and understanding, the principles explained in the Consultant & Knowledge Workers Edition of Think & Grow Rich. That's just the beginning of the process though, then you need to do the personal work required to apply the timeless wisdom to your life. This is exactly what this workbook will help you to achieve. It has been developed specifically for Consultants & Knowledge Workers to help them apply the success principles, techniques and mindset discovered by Napoleon Hill to their lives and careers. He discovered these principles during his 20 year project to research the success principles used by the richest people in the world at the time. The workbook takes you through each chapter in the book by initially providing a summary of the essence of each chapter as a brief refresher. Then it follows with a series of questions and exercises that will help you increase your understanding of the concepts and to also apply them correctly to your personal situation. You complete the book by learning the specially developed Rich Consultant Framework® and using it to develop your personalized Rich Consultant Action Plan®. This is your uniquely designed strategy that will capture the tasks and tactics you must deploy to ensure you use your knowledge, skills and experience to become as rich as you desire.

Fantastic!

By BFD Piper

Ignore the other bad review. If you really understand TAGR(Think and Grow Rich) and you've studied Napoleon Hills other materials, then you'll enjoy this getting straight to the point workbook. This workbook pinpoints the action steps of each chapter to get you into action and applying the material of TAGR. I'm currently on my 6th week and the results are amazing. I do suggest reading other personal development books to further your understanding of the Universal Laws such as something from Esther and Jerry Hicks, Mary Morrissey, Bob Proctor, Wallace Wattles or any other personal development teacher. The workbook will be your action workbook to help you to stay focused on your burning desire and your personal development book, of your choice, will help you to understand the Universal Law concepts of "why" you're doing what you're doing. Put these 2 together and manifest your desires from spiritual to physical form. Enjoy!

almost as good as the book that inspired it

By jason fischer

I am going to raise \$5,000,000 dollars for a business I'm building. I am specifically using the Napoleon Hill plan to get it.

I own this book. I own most of Napoleon Hill's books. This particular book is very good for someone who needs a plan of action laid out in front of them. It boils down many of the ideas, concepts and actions laid out in the original Think and Grow Rich, after all- taking action is what will get us results. Napoleon Hill didn't make up these ideas- he got them from interviewing many very successful men. He just distilled the basics of what got them to their lofty heights. I have seen people use this plan. I have seen them do extremely well. I know it works, and I know it will work for me.

Now for some critical comments on this book:

It is overly simplistic. Some of the 'spices and seasonings' of the original have evaporated during the boiling-down process.

Think and Grow Rich is a very meaty book. Every single page contains vital information. The original book IS a workbook in it's entirety. I use the original book as a workbook. I use red and blue pens to underline important information. I put stars next to particularly vital information. I put circles next to passages that contain specific actions. I use my computer to customize his program into mine, and to print out things that need to be. I re-read the book regularly.

Do yourself a favor and get the original book (not an amended or updated version either!) Get the leather bound deluxe version... and **PUT IT TO WORK! MAKE YOUR DREAMS COME TRUE!**

Good Book - YET, needs flow with the original balantine novel

By Amazon Customer

First I must say that I enjoy reading this book. It is well done.

Yet I must say that when I go through the original Think and Grow Rich, I am noticing some areas which suggest that the pages are not in order with your book.

For instance, Chapter 3 on Auto Suggestion page 29, then when I open the next page, it shows the subconscious mind.

On Page 47, the chapter on Imagination, then when I turn the page, it shows "Desire" and the exercises.

On Page 55, when it shows Organized Planning, then when I am ready to start the exercises, then it shows Master Mind Groups.

The book will be easier to work with when all the ideas flow accordingly with the original Think and Grow Rich.
