It will not take significantly time to obtain this publication [Worth The Fall: The Worth Series, Book 3: A Copper Country Romance \(Volume 3\) By Mara Jacobs](#), like when you have to choose e-book establishment.

WORTH THE FALL: THE WORTH SERIES, BOOK 3: A COPPER COUNTRY ROMANCE (VOLUME 3) BY MARA JACOBS PDF

Book 3 in the New York Times bestselling Worth Series

Alison is way too smart to be this dumb about a guy.

Alison Jukuri is the smart one. But it hasn't seemed to help her much in her relationships with men. And now she's on the verge of making one, big stupid move.

Again.

Petey Ryan has spent his life hitting and being hit as a defenseman in the NHL. But now he's about to go up against his biggest foe of all ... tiny Alison Jukuri.

A woman with whom he shares a long-held secret.

This book contains 2-3 fairly graphic love scenes and the F-bomb is detonated somewhat frequently. If it was a movie, it would be rated a hard R.

The Worth Series thus far:

Worth the Weight (Lizzie and Finn)

Worth the Drive (Katie and Dario)

Worth the Fall (Alison and Petey)

Worth the Effort (Deni and Sawyer)

4.5 Totally Worth Christmas - novella (Phoebe and Charlie)

5. Worth The Price (Liv and Twain)

6. Worth The Lies (Kelsey and Huck)

Best of the series so far!

By KellyGirl

I am loving the ice hockey star, Petey, from the early books, turned hero in this one. He is everything I could want in a romantic hero. Knows what he's good at, (oh and wait until you see what he is good at!) and knows what he's not so good at. Best part is, he knows what he wants - our heroine, Alison - the smart one. Which he's worried about since he, and their gang, consider him the "dumb jock."

There is a lot of good stuff going on in this story, but the sex stands out brilliantly. Hot, hot and hotter. If you liked the first two in this series, you are going to love this one.

Can't wait for the next book!

Not my favorite

By Solstice

I read The Worth series books by Mara Jacobs out of order. I am now glad I did because when I first met Alison as a therapist in Worth the Effort, I really liked her. She seemed like a great person. Then I went on to read the other Worth books--Worth the Drive, Worth the Weight, and Alison started to annoy me. She just didn't seem to have the demeanor of a therapist in her interactions with her friends. I guess I just envisioned her as being more thoughtful and less outspoken. Perhaps this was the author's intent--Alison has a very different personality than her friends and this needed to be shown.

Other reviewers said Worth the Fall was their favorite book and really liked the story of Alison and Petey (a hockey player) getting together. I was excited to read it, thinking I'd learn more about Alison and come to like her better. But sadly, that wasn't the case. I skipped most all of the intimate love scenes between her and Petey. And I never got the feeling they really liked each other past the intimacy, or even why they would. They seemed to have little in common and didn't have a tenderness between them. Their story does get revealed which explains their dynamic, but it still didn't endear me to either of them.

This story is well written, as are all the stories in the other books. I must admit I skip the love scenes precisely because they are so well written, if that makes any sense. I feel like I am intruding on a very private scene. They are much more detailed than your usual romance novel love scenes. No euphemisms for Ms. Jacobs.

The characters in all the books are believable. However, sometimes the love "push/pull" between the characters gets a little tedious, but the books are still fun to read and very engaging. I recommend them all. Worth the Fall just wasn't my cup of tea, I guess.

I do like the quotes that begin each chapter. They are always well chosen and poignant to the story. And sometimes quite funny. My favorite in Worth the Fall was one by Rodney Dangerfield--I'm quoting here from memory so forgive if not exact--"Sometimes I go to the fights and a hockey game breaks out."

If you've read the other books, you'll want to read this one too if only to learn more about what makes Alison the way she is.

Loved it!

By @annagoingrogue

I recommend all three books in this series. To me, this book was a roller coaster of emotions, and I couldn't put it down. I hated to "say goodbye" to the characters at the end of the series.
